

VP calls for timely delivery of bridge on Pugu to Chanika road

By Joseph Muhozi, Dodoma

VICE President Dr. Phillip Mpango has expressed fear that the rainy season might arrive before construction of Nyeburu Bridge on the Pugu to Chanika road in Dar es Salaam was completed and has called upon the contractor and other players on the project to help speed up the work, TPJ has learnt.

During a visit to the project, Dr. Mpango expressed dissatisfaction and noted that the project had experienced unjustified delays given the fact that the Government had effected payment to the contractor timely.

Vice President, Dr. Phillip Mpango

TANePS will reject tenders with higher than market prices - Govt

By Mcharo Mrutu, Dodoma

THE National Public Electronic Procurement System (TANePS) will soon have enhanced features which will enable it to automatically reject tenders that have prices higher than those offered by the market, TPJ has learnt.

This is one of the measures to be taken by the Government in curtailing the tendency of unscrupulous bidders who quote unrealistically high prices, as spelt out by the Minister for Finance

TAARIFA KATIKA TARAKIMU

30

Idadi ya siku ambazo lazima zipite baada ya taasisi nunuzi kuutangaza mpangomwaka wa ununuzi, kabla ya kutangaza zabuni zilizomo.

This Journal is published by the Public Procurement Regulatory Authority (PPRA) every Tuesday, and can be downloaded from PPRA website www.ppra.go.tz

VP calls for timely delivery of bridge on Pugu to Chanika road

Continued from Page 1

He said the delay would affect the wananchi adversely especially during the upcoming rainy season and directed Tanzania Rural and Urban Roads Agency and Tanzania National Roads Agency to make sure the project is timely completed and at the required standards.

The vice president took the opportunity to draw attention of some local contractors who tend to take for granted the good will of the Government which seeks to

improve their chances of implementing public projects but they fail to reciprocate by delivering per their contractual obligations.

“It is very important for local contractor to learn, and to know that the government wants to give you these projects knowing that you are also affected by the challenges brought about by poor infrastructure and that if you perform excellently both you and the wananchi use the facility to earn a living..., but if you underperform like this then why should

the government continue giving you the works?” said Dr. Mpango.

Only recently, while opening the Contractors Registration Board’s Annual Consultative Meeting in Dodoma, Minister for Works and Transport, Prof. Makame Mbarawa said the Government has set aside enough funds to help build capacity of local contractors through implementation of various projects in the country on top of special preference schemes enshrined in the public procurement law.

TANePS will reject tenders with higher than market prices

Continued from Page 1

and Planning, Dr. Mwigulu Nchemba, when he presented the national budget for Financial Year 2022/23 in Dodoma.

He said his ministry would ensure that prevailing market prices were incorporated in TANePS and would be referred to as price limits.

“This move will ensure that TANePS will not allow any service

provider, contractor, or supplier, who quotes prices that are above the ones available in the market to win public tenders,” said Dr. Nchemba.

He told Parliament that his ministry would issue a circular to direct all procuring entities to procure with the prevailing price limit in mind, adding that the money saved by the measure would be directed in the construc-

tion of vocational training institutions in municipalities.

Furthermore, the minister said that the government would make reforms in its public procurement system in order to ensure effectiveness, efficiency and attainment of value for money in the sector.

The Government’s budget for Financial Year 2022/23 is TZS 41.48 trillion.

Makala

Utaratibu wa kununua kutoka kwa mzabuni mmoja pekee

Na Frank Yesaya, Mtaalam wa Ununuzi

UNUNUZI wa umma unahusisha njia za ununuzi na taratibu zinazofuatwa na taasisi nunuzi katika kupata mahitaji ya bidhaa, huduma na kazi za ujenzi.

Kuna makundi matatu ya njia za ununuzi, ikiwemo njia zenye ushindani wa wazi - wa kimataifa na kitaifa; zenye ushindani uliozuiliwa na; zile zisizo na ushindani. Sheria ya ununuzi wa umma inazitaka taasisi kuweka kipaumbele katika matumizi ya njia za ununuzi zenye ushindani kuliko zile ambazo siyo za ushindani.

Ili kutumia njia fulani ya ununuzi, bodi ya zabuni ndiyo yenye mamlaka ya kupitisha njia hiyo, ikiridhia.

Kwa mujibu wa kanuni za ununuzi wa umma Single source ni moja ya njia za ununuzi zisizo za ushindani, nayo inaweza kutafsiriwa kama ununuzi kutoka kwa mzabuni mmoja pekee.

Katika makala hii nitaelezea sababu zinazoweza kuifanya taasisi kutumia njia hii na michakato husika.

A. SABABU ZA KUTUMIA

Taasisi inayotaka kununua kutoka kwa mzabuni mmoja pekee inapaswa kuomba ridhaa ya bodi ya zabuni. Bodi ya zabuni inaweza kuridhia matumizi ya njia hii iwapo kuna moja kati ya sababu zifuatazo:-

i.) Ununuzi wa bidhaa na huduma zisizo za ushauri elekezi

Sababu zinazoweza kuifanya taasisi itake kutumia njia hii wakati wa ununuzi wa bidhaa na huduma zisizo za ushauri elekezi, ni moja kati ya hizi:

- Pale ambapo bidhaa au huduma zisizo na mbadala zinapatikana kutoka kwa mzabuni mmoja pekee mwenye hatimiliki;
- Kuna uhitaji wa haraka wa bidhaa au huduma na haiwezekani kuendesha mchakato wa zabuni au kutumia njia nyingine ya ununuzi, na mazingira yaliyosababisha uharaka huo hayakuweza kuonekana mapema na si matokeo ya ucheleweshaji kwa upande wa taasisi;
- Pale ambapo taasisi imenunua bidhaa, zana, teknolojia, huduma au vipuri kutoka kwa mzabuni kwa kutumia njia ya ushindani wa kitaifa au kimataifa, na imeamua kununua

bidhaa za nyongeza kama zilizokwisha kununuliwa;

d.) Taasisi nunuzi inataka kuingia mkataba na mzabuni ili asambaze bidhaa chache zitakazotumika kwenye utafiti, majaribio, masomo au uendelezaji;

e.) Ununuzi unaohusisha masuala ya ulinzi au usalama wa kitaifa na pale ambapo imeamuliwa kuwa njia ya mzabuni mmoja pekee ndiyo njia sahihi zaidi;

f.) Pale ambapo kifaa muhimu kinahitaji kununuliwa kutoka kwa mzabuni aliyetajwa na mzalishaji wa mtambo au kiwanda ili mtambo au kiwanda kiweze kuleta matokeo yaliyotarajiwa;

g.) Pale ambapo kwa sababu za kiuchumi au kiufundi, kuna haja ya kufanya usanifishaji (standardization) wa zana, na imethibitishwa kwenye bodi ya zabuni kuwa utengemano (compatibility) wa zana zilizopo na zingine hauwezi kupatikana na hakuna faida ya kupata mzabuni mbadala;

h.) Pale ambapo usanifishaji wa vipuri unahitajika ili viweze kutengemana na vilivyokwishanunuliwa;

i.) Vifaa vya nyongeza vinatakiwa ili kukamilisha utekelezaji wa mradi;

j.) Kanuni za ununuzi wa umma zinafafanua kwamba usanifishaji wa zana au vipuri, utafanyika pale ambapo zana au vipuri vilivyonunuliwa mwanzo vinafaa kwa matumizi yaliyokusudiwa; vilipatikana kwa bei nzuri kupitia njia za ushindani; idadi ya vifaa vya kuongezwa ni ndogo kuliko ya awali na haviwezi kupatikana kutoka kwenye vyanzo vingine.

ii.) Ununuzi wa kazi za ujenzi

Sababu zinazoweza kusababisha taasisi kuchagua njia hii wakati wa ununuzi wa kazi za ujenzi, ni moja kati ya zifuatazo:-

- Kuna uhitaji wa haraka wa kazi za ujenzi na hakuna muda wa kutosha kwa taasisi kuendesha mchakato wa zabuni au kutumia njia nyingine ya ununuzi, na mazingira yaliyosababisha uharaka huo hayakuweza kuonekana mapema na si matokeo ya ucheleweshaji kwa upande wa taasisi nunuzi;
- Kuna mkandarasi mmoja tu

ambaye anategemewa na taasisi kuweza kufanya kazi ya ujenzi husika;

- Kuna faida kwa taasisi nunuzi kumtumia mkandarasi ambaye ameshafanya, au anafanya kazi inayofanana au ambaye tayari ameshakusanya mitambo, zana na wafanyakazi katika maeneo jirani na eneo la ujenzi;
- Kuna haja ya kupanua wigo wa utekelezaji wa mkataba uliotokana na njia za ushindani.

iii.) Ununuzi wa huduma za ushauri elekezi

Sababu zinazoweza kusababisha taasisi kuchagua njia hii ni:-

- Huduma ya ushauri elekezi ambayo ni muendelezo wa huduma iliyokwisha kutolewa;
- Pale ambapo uchaguzi wa mshauri elekezi unapaswa kufanyika kwa haraka - kwa mfano kwenye shughuli ya dharura;
- Pale ambapo kuna mshauri elekezi mmoja tu ambaye ana sifa na uzoefu wa kipekee unaoendana na huduma inayohitajika;
- Pale ambapo muendelezo wa huduma ni muhimu, na unaweza kusababisha uchaguzi wa mshauri elekezi wa kuendeleza huduma kwa utaratibu huu, washauri elekezi wafahamishwe mapema kwenye nyaraka sanifu za kuomba mapendekezo yao.

B. MCHAKATO WA UNUNUZI

Wapo watu wanafikiri kwamba kabla ya kuingia mkataba na mzabuni mmoja pekee, taasisi huendesha mchakato wa ushindani ili kumpata mzabuni mwenye sifa zaidi - lakini si hivyo; ukweli ni kwamba utaratibu wa ununuzi kutoka kwa mzabuni mmoja pekee unahusisha taasisi kumualika mzabuni mmoja tu kuwasilisha zabuni.

Mchakato wa ununuzi kwa njia hii ni kama ifuatavyo:-

Taasisi nunuzi inapaswa kuainisha kwenye mpangoununuzi aina ya bidhaa, huduma au kazi za ujenzi ambazo zitanunuliwa kwa njia hii. Kwa vitu ambavyo havinunuliwi kwenye mazingira ya haraka, taasisi inaweza kupanga ununuzi kwa njia hii tokea mwanzo wa mwaka wa fedha, kwa mazingira yenye haraka taasisi nunuzi inabidi kuhuisha mpangoununuzi pale watakapohitaji

kununua.

Kuainisha kwa maelezo ya kitaalamu bidhaa, huduma au kazi za ujenzi zinazohitaji kununuliwa kwa kutumia vigezo msawazo, maelezo ya mahitaji, hadidu za rejea na michoro kama inavyofaa.

Kuandaa nyaraka sanifu za zabuni kwa kuainisha idadi ya bidhaa zinazohitajika, muda na mahali pa kuwasilisha, viwango vya chini vya utendaji, mahitaji ya dhamana, matengenezo, usimamizi, namna ya utoaji ripoti, muda wa uhai wa zabuni na masharti ya mkataba.

Kupata ridhaa ya bodi ya zabuni juu ya matumizi ya njia hii, jina la mzabuni, mwaliko wa zabuni na nyaraka sanifu za zabuni zitakazotolewa kwa mzabuni.

Kumualika mzabuni husika kupitia mfumo wa TANePS, na kupandisha nyaraka sanifu ya zabuni kwenye mfumo huo, ili mzabuni aweze kuipakua. Muda wa chini wa kumpa mzabuni kujaza na kurejesha nyaraka ya zabuni haujatajwa kwa mujibu wa kanuni za ununuzi wa umma, hivyo basi kila taasisi inapaswa kupanga na kuanisha muda huo kwenye nyaraka ya zabuni.

Ufunguzi wa zabuni utafanywa na kamati ya ufunguzi, kisha tathmini ya zabuni itafanywa na kamati ya tathmini, kabla ya kutoa tuzo, taasisi inaweza kuthibitisha sifa za mzabuni na majadiliano ili kupata mzabuni mwenye sifa stahiki na zabuni yenye gharama nzuri.

Baada ya kufanya upekuzi wa mkataba na kutoa tuzo, mzabuni husika anapaswa kuwasilisha dhamana ya utekelezaji wa mkataba kama ilihitajika, kisha mkataba wa ununuzi usainiwe baina ya taasisi na mzabuni.

Kama ilivyo kwa mikataba mingine inayotokana na njia za ushindani, mkataba utokanao na njia hii unapaswa kusimamiwa kwa umakini ili kuweza kufikia malengo ya ununuzi.

Frank Yesaya ni Afisa Ununuzi wa Mamlaka ya Kudhibiti Ununuzi wa Umma (PPRA), na anapatikana kupitia anuani ya barua pepe: frank.yesaya@ppra.go.tz; Simu: 0764 495316
