

## Govt sets aside road projects for local contractors, stresses integrity

### DID YOU KNOW?

You can engage in real-time communication through Live Chat with a NeST service provider by clicking on the chat icon located at the bottom-right corner of the NeST system's front page, or through [livechat.nest.go.tz](http://livechat.nest.go.tz)

By Joseph Muhozi, Dar

The Government has set aside four road construction projects for local contractors with some segments especially for female contractors, and has stressed the importance of integrity in the implementation of works, TPJ can report.

This development was revealed by Chief

Engineer Eng. Mtemi Simeon, in the remarks he made while representing the Minister of Works, at the inauguration of the Third Symposium and Exhibition for student engineers in Dar es Salaam.

Eng. Simeon told the symposium that was titled "The Contribution of Young Engineers to

through Innovation," that the Government had made a deliberate decision to set aside four projects with a total length of 200 kilometers for local contractors and 20 kilometers of road exclusively designated for female contractors, whereby each segment of five kilometers would

Sustainable Development

be up for competition among women-owned companies.

According to the chief engineer, the decision highlighted the gist of President Samia Suluhu Hassan's directive to increase the involvement of local contractors in construction projects as well as her acknowledgement that while some local engineers have made innovative contributions to ongoing infrastructure projects efforts were needed to instill discipline and integrity from the early stages of engineering education.

Furthermore, Eng. Simeon revisited the Government's decision to revise the Public Procurement Act to raise the project value threshold for exclusive awards to local contractors from 10bn/- to 50bn/-, which was endorsed by Parliament recently, saying it was driven by a desire to see that local engineers enhance their consultancy and local firms' capabilities in order to compete effectively with foreign counterparts.

The symposium was organized by the Young Engineers and Students Chapter at the national level and attracted participants from secondary schools and universities.

# Upangaji na Utekelezaji wa Zabuni za Framework Agreements katika NeST

**B**aada ya kujifunza kuhusu mambo kadhaa kuhusu framework agreements, tuangalie namna ya kupanga na kutekeleza zabuni za framework agreements katika mfumo wa NeST, ambao unawezesha upangaji na utekelezaji wa aina zote za framework agreements.

Katika mfumo wa NeST, frameworks agreements huhusisha hatua mbili za mchakato - ya kwanza ni ya kuwatafuta wazabuni wenye sifa na ya pili ni kutoa oda (**call off order**) kwa wazabuni wenye closed frameworks agreements au kuwashindanisha wazabuni (**mini-competition**) kwa wazabuni wenye open frameworks agreements.

Kwa mahitaji ya huduma na bidhaa zinazohitajika mara kwa mara na zinazotumiwa na taasisi nyingi, mfumo umetoa fursa kwa wazabuni kujisajili katika aina za biashara (business lines) zinazohusiana na mahitaji hayo. Iwapo wazabuni hao wataonekana wamekidhi vigezo vya kufanya biashara na serikali katika aina husika ya biashara, basi wataidhinishwa na kuruhusiwa kusaini vigezo na masharti maalumu ya kuuza bidhaa na kutoa huduma mtambuka (commonly used items and services). Katika muktadha wa matumizi ya mfumo wa NeST, vigezo na masharti hayo vimeitwa **General framework**

**agreements** na ni makubaliano ya wazi (**open frameworks**) yasiyokuwa na bei na ni fursa iliyowazi kwa mzabuni yoyote mwenye vigezo kuyasaini wakati wowote wa mwaka.

Kwa mahitaji ya bidhaa na huduma zinazojirudia mara kwa mara lakini zisizotumiwa na taasisi nyingi, taasisi nunuzi zenye mahitaji hayo zinaweza kutengeneza framework agreements zao na baadhi ya wazabuni. Katikamuktadhawamatumiziyamfumo wa NeST, makubaliano hayo yanaitwa **Own framework agreements** na yanaweza kuwa makubaliano ya wazi (**open frameworks**) au yaliyofungwa (**closed frameworks**).  
**Upangaji wa zabuni**

Ili kupata fursa ya kutumia general frameworks au kutengeneza own frameworks, wakati wa kupanga ununuzi kwenye moduli ya APP Management, afisa ununuzi anayeandaa zabuni za bidhaa na huduma, anapaswa kuchagua moja kati ya njia zifuatazo za ununuzi Restricted International Competitive Tendering, Restricted National Competitive Tendering, International Shopping, National Shopping au Single Source Tendering.

Njia za restricted international na national zinaweza kutumika kwa zabuni zenye thamani kubwa kuzidi kikomo cha zabuni za International na National Shopping. Ili kuweza kuchagua kutengeneza own frameworks au kutumia general frameworks, utapaswa kutiki kibox kilichoandikwa Framework Agreement, kisha mfumo

utakupa fursa ya kuchagua kutumia general framework au own framework.

Kwa huduma na bidhaa mtambuka zinazotumiwa na taasisi nyingi tafadhali chagua General framework, kisha Open framework na chagua nyaraka ya Mini competition kuendelea. Kwa kufanya uchaguzi huu mfumo hautaleti hatua ya kujaza kalenda ya ununuzi.

Kwa huduma na bidhaa zisizotumiwa na taasisi nyingi, na iwapo menejimenti ya taasisi husika imeridhia kutengeneza makubaliano binafsi na wazabuni, tafadhali chagua own framework na mfumo utakupa fursa ya kuchagua open au closed framework. Iwapo utachagua open framework mfumo utakupa fursa ya kuchagua nyaraka ya mini-competition na iwapo utachagua closed framework mfumo utakupa fursa ya kuchagua call off order.

Baada ya kumaliza hatua hiyo, kwa own framework mfumo utakupa fursa ya kuchagua nyaraka na kutengeneza kalenda itakayotumika katika hatua ya kwanza ya kuwatafuta wazabuni wenye sifa.

Utapaswa kukamilisha taratibu za kuidhinisha zabuni husika kwa afisa masuuli kabla ya kuendelea na hatua inayofuata.

### Utekelezaji wa Ununuzi – General framework

Iwapo ulichagua **General framework**, mtaarifu idara tumizi akaanzishe ununuzi wa zabuni ya bidhaa au huduma mtambuka katika moduli ya Tender Initiation. Ni muhimu sana idara tumizi kuanisha kila bidhaa au huduma inayohitajika kwa usahihi ili kumuwezesha mzabuni kuweka bei kwenye kila bidhaa

## Upangaji na Utekelezaji wa Zabuni ...

### Inatoka Ukurasa 3

au huduma, hii itasaidia kwenye kufanya majadiliano na mzabuni, kukagua wakati wa utekelezaji na kufanya malipo kwa usahihi.

Idara tumizi akikamilisha zoezi la kuanisha bidhaa au huduma, awasilishe ombi la ununuzi kwa Mkuu wa Kitengo cha Ununuzi, ambaye atamshushia afisa ununuzi jukumu la kuandaa nyaraka ya zabuni. Ni muhimu kuzingatia kwamba, vigezo vya tathmini vya lazima vilivyowekwa kwenye nyaraka ya Mini competition ni vichache sana na ni vile ambavyo vinaweza kufanyiwa automatic evaluation na mfumo. Vigezo vya hiari vilivyowekwa vitahitaji msaada wa binadamu kufanyiwa tathmini iwapo vitachaguliwa kwenye zabuni husika.

Afisa ununuzi akikamilisha zoezi la kuandaa nyaraka ya zabuni, mfumo utampa fursa ya kuchagua aina za biashara zinazoendana na mahitaji ya idara tumizi, atachagua mikoa na wilaya ambazo anahitaji wazabuni washirikika fursa husika. Kisha mfumo utatuma mwaliko wa kuwasilisha bei kwa wazabuni wote waliojisajili na kusaini General frameworks agreements katika aina ya biashara zinazohusika na usambazaji wa huduma na bidhaa mtambuka.

Wazabuni watapata fursa ya kujibu matakwa ya fursa husika na kuwasilisha zabuni zao kwa taasisi nunuzi. Ufunguzi wa zabuni utafanywa na mkuu wa kitengo cha usimamizi wa ununuzi, na kisha mfumo utafanya tathmini ya kiotomatiki na kuonyesha mshindi wa fursa husika; iwapo vigezo vya ziada vilichaguliwa mfumo utatoa fursa kwa Mkuu wa Kitengo cha Usimamizi wa Ununuzi kufanya tathmini ya ziada.

### Utekelezaji wa Ununuzi – Own framework

Iwapo ulichagua **Own framework**, afisa ununuzi atapaswa kuingia katika moduli ya framework

agreements na kuanza kuandaa taarifa za makubaliano yanayokusudiwa kuingiwa.

Moduli hii inatoa fursa ya kuandaa framework agreements ambazo hazikujumuishwa kwenye mpango wa ununuzi kwa kutumia aina za biashara na zile zilizojumuishwa kwenye mpangowa ununuzi.

Uandaaji wa taarifa za framework agreements utahusisha ujazaji wa maelekezo kwa wazabuni, vigezo vya tathmini na kalenda ya mchakato wa kwanza wa kuwatafuta wazabuni. Baada ya kukamilisha hatua hii, fursa ya framework iwasilishwe kwa mkuu wa taasisi ili kuridhiwa na kutangazwa kwa wazabuni. Baada ya kutangazwa wazabuni watapewa fursa ya kujibu matakwa ya fursa husika, iwapo fursa ilikuwaniyamakubaliano yawazi wazabuni watawasilisha sifa zao tu, iwapo fursa inahusisha makubaliano yaliyofungwa wazabuni watawasilisha sifa na bei zao.

Baada ya kupokea mawasilisho ya wazabuni, ufunguzi unapaswa kufanyika katika moduli ya opening, na kisha timu ya tathmini kuundwa na kufanya tathmini katika moduli ya framework agreement.

Baada ya kukamilisha zoezi la tathmini, mfumo utatoa fursa kwa taasisi nunuzi kusaini makubaliano ya framework na wazabuni waliofaulu mchakato wa tathmini. Baada ya kukamilisha zoezi la kusaini makubaliano na wazabuni washindi, iwapo makubaliano yaliyoingwa ni ya wazi mchakato wa kuanzisha mahitaji, kutangaza fursa na tathmini utafanana na mchakato wa utekelezaji wa General framework.

Iwapo makubaliano yaliyoingwa ni closed frameworks, mtumiaji wa idara tumizi atapaswa kuingia katika moduli ya Call off order na kubainisha mahitaji yake, kisha mfumo utatuma mahitaji hayo kwa mzabuni mwenye closed framework agreement ili awasilishe mahitaji husika.
